DESIGN THINKING

User Stories
Personas
Wireframing
Iterative Design
Agile

WORK EXPERIENCE

EXPERIENCE DESIGN ASSOCIATE | BANK OF AMERICA

Aug 2020 - Present
Designing new features for Erica, the bank's award winning digital financial assistant, as an Interaction and Visual Designer on the AI team.

Leading teams through multiple projects. Organizing timelines, collaborating with our product partners, and owning the feature from kickoff to handoff to technology.

Standardized all production visuals into a design system by rebuilding all current components for easy cross-platform use. Hosting visual office hours for both technology and product partners.

INTELLIGENT AUTOMATION INTERN | PNC BANK

May 2019 - Aug 2019
Designed an automated bot to replace complex internal manual processes to increase efficiency and improve customer experiences.

UI / WEB DEVELOPER | PICA, INC

June 2018 - July 2020
Collaborated with company leadership to design, debug, and expand the existing company website. Redesigned pages to be fully mobile responsive.

PROJECTS

OUTRUN | Carnegie Mellon University

Aug 2019 - Dec 2019
Created a full stack mobile application aiming to motivate users to enjoy fitness by creating a personalized walking route and playing a "zombie apocalypse" AR game as they explore. Won the QuickSilver creativity award at the Capital One Case Competition.

SMART CITY @LEGANES | UNIVERSIDAD DE CARLOS III

Jan 2019 - May 2019
Developed a holistic welfare product focusing on health, safety, and energy conservation for the citizens of Leganes, Madrid. Served as PM and UX Designer on the six person team.
